and our teams will assist you with information on booking fees, registration, speaker slots, participation and calls for papers, proceedings, books and academic journals, which ever you require.

Please support us in 2016

We need a lot of support to provide all the above activities and so this year we are asking for all our supporters to help us to help others and to donate or support any of the above activities, eg scholarships for our students, financial support for our UNFCC delegates, support and facilities for our Research. Partnerships and investment in our activities. Support for our books and writing and writers. Any support you can give is gratefully accepted. All our support in 2015 came from individuals and we are most grateful to them. It really made a huge difference to our capacity to get the job done and to influence the world stage. Many thanks to all of you who made this possible.

We look forward to hearing from you and to involving you in the lively programme we have for 2016.

Kind regards
